- Low Chemical Alarm Light
- High Level Alarm w/ Flashing Light
- Special Hose Lengths
- 4' x 4' x 12" drip pan
- CSA Compliance

The SSM-WM Shear-Static Mixing System mixes even the most viscous fluids efficiently and at accurate concentrations. This semi-automatic mixer can be mounted on a wall or other sturdy structure and is ideal for applications where different volumes of fluid need to be mixed. With the SSM-WM you can mix a 55 gallon drum or a 320 gallon tote, at whatever concentration you need, whenever you need it.
